

WHEN YOU TAKE YOUR CRAFT SERIOUSLY, CHOOSE SERIOUS TOOLS. PERFECTION STARTS WITH SPILL-STOP.

The art of mixology starts with passion, knowledge, and skill. And, just as a fine artist chooses the perfect brushes to create a masterpiece, a mixologist relies on premium barware to create a perfect cocktail. Spill-Stop has the professional quality tools mixologists want.

Spill-Stop premium barware products are available in your choice of stainless, copper, or 24K gold finish. Imported from England, these metal tools reflect years of commitment to quality mixology.

Copper and gold finished items are hand wash only.

Blend and shake your beverages in style. Available in a set of two shakers, 18-ounce and 28-ounce, with a reinforced bottom for durability.

Fit your shaker with your choice of three heavy-duty strainers: Julep, Fine Mesh, or Hawthorne.

SPILL-STOP

1509 W. Le Moyne St.
Melrose Park, IL 60160-2117

T: 800-323-0722 or 708-345-2200 | F: 708-345-4067

JIGGER

Spill-Stop's "Japanese style" jigger is 1 x 2 ounces with internal markings showing additional measures.

SHAKEN? NO, STIRRED!

Spill-Stop offers Tear Drop and Trident mixing spoons in 30cm, 40cm, and 50 cm and Muddler mixing spoons in 27 cm and 40 cm.

Pick the length that fits your style.

JAPANESE YARAI STYLE GLASSWARE

Not all the tools of the mixologist are metal. Spill-Stop offers the classic Yarai diamond-cut pattern Mixing Glass and Bitters Bottle, both staples in the world of craft cocktails.

This 600ml Yarai Style Mixing Glass is hand blown, hand cut, seamless, and heavy duty. It has a wide mouth and base for ease in stirring as well as a spout for ease in pouring.

600ml Mixing Glass
#800-22

This 90ml Yarai Style Bitters Bottle, with its beveled glass body and stainless steel dasher cap, is the perfect bottle for showcasing and dispensing bitters.

90ml Bitters Bottle
#800-20
